Part III REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach, disclose, or suggest the claimed limitations of (in combination with all other limitations in the claim), a method of notifying an operator of an event with respect to a hard copy output engine by displaying, in response to detecting the status of a portion of a hard copy output engine, a graphical user interface including information describing the portion and the status, and including a set of user-selectable options including: dismissal of the graphical user interface, assistance in ordering consumables or services identified by the graphical user interface, deferment of action with respect to the consumables or services identified by the graphical user interface for a user-selectable interval and inhibiting further displaying of the graphical user interface as claimed in claim 1. Similar features are claimed in claims 8 and 15. Therefore, claims 8 and 15 are allowable over the prior art of record for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
